Signature

Dear Madam or Sir:

PROPOSED AMENDMENTS TO THE DRAWINGS

It is respectfully requested that the Examiner approve the following amendments to the Drawings of the above-identified application for patent:

1. ☒ Please approve the changes to the Drawings as indicated in red ink on the attached drawing sheet(s).
2. ☐ Please substitute the attached Formal Figures for the Informal Figures as originally filed.
3. ☐ Please add new Figure(s) for the Informal Figures to the application.

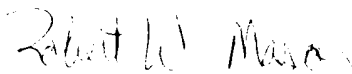

In addition, please DELETE Figure 4 and SUBSTITUTE attached informal Figure 4. Upon approval of Applicants request, Applicants will submit a formal Figure 4.

REMARKS

Upon reviewing the specification as filed, Applicants noted several inconsistencies of original Figure 4 with respect to the specification of the invention. Accordingly, Applicants are submitting the attached Figure 4 as internally consistent with the specification. Support for the revised Figure 4 can be found on pages 7-8, and in particular with respect to the reference to Figure 4 as "a perspective view of *the* semiconductor package 30 deprived of a package body." See original specification (emphasis added).

Applicants respectfully submit that the instant amendment to the drawings does not introduce any new matter.

Respectfully submitted,

Robert W. Mason
